Dr. Waciuk (11-11:45)

Functional and Esthetic Crown Lengthening

Thanks To Our Sponsors!

OUR SPEAKERS

Dr. Arnold Fleming:

Dr. Fleming received his DDS degree and M.Sc. in Periodontics from the University of Toronto, where his research was on early development of a new implant system, and also on regeneration of periodontal tissues using resorbable membranes. Upon graduation, Arnold had a full-time private practice in Toronto, gave seminars on implant and periodontal treatment and was a part-time clinical instructor in periodontics at U of T. He and his wife, Mary Ann, moved to Waterloo to raise their family of 3 children. Dr. Fleming presently maintains a full-time practice in Kitchener, providing implant treatment, cosmetic and regenerative periodontal procedures, and most recently is one of a few periodontists in Ontario trained to provide the patented, FDA-approved, LANAP protocol using the PerioLase Nd:YAG dental laser to treat periodontal disease and provide periodontal regeneration.

Dr. Jeff Nicolucci:

Jeff received his dental degree in London at the University of Western Ontario where he practiced for 2 years. He then spent 3 years in Philadelphia receiving his Masters in Oral Biology and his Periodontal Specialty certificate. He is a member of the International Team of Implantology, the American Academy of Periodontology, a fellow of the Misch Institute and a Diplomat of the International Congress of Oral Implantology. While Jeff was studying as a resident in Philadelphia his wife, Cherie, was studying as an orthodontic resident in Rochester. Upon graduation they both moved to Kitchener to set up practice and their new life. Jeff is now co-directing 2 study clubs, this one and an implant based study club for specialists and dentists in the tri-cities area.

Dr. Angela Waciuk:

Dr. Angela Waciuk graduated from the University of Toronto in 1993 with a Bachelor of Science degree. She received her Dental Degree from the University of Toronto in 1997. After an internship at Mount Sinai Hospital in Toronto she returned to the University of Toronto for her periodontal training. She received her specialty certificate in 2001. She is a Fellow of the Royal College of Dentists of Canada. She currently practices as a Periodontist in Cambridge.
