Scaling and Root Planing Adjuncts

Community Water Fluoridation (Dr. Liana Nolan)

This lecture will cover the past and current policy environment related to community water fluoridation. At the end of the talk the audience should have an understanding of the Region of Waterloo history and current situation, as well as the provincial context.

Food Impaction Around Implants (Dr. Jeff Nicolucci)

The commonest complaint from patients who received a dental implants is food impaction. This lecture will talk about why it occurs, how to prevent it, and its negative effects.

Scaling and Root Planing Adjuncts (Dr. Arnold Fleming)

This topic will explore the clinical benefits or non-benefits of using adjuncts such as topically-applied antibiotics, photodynamic therapy, systemic medications, etc. for the treatment of chronic periodontal disease.
