Ergonomic Considerations for Dental Environments

Peri-Implantitis (Dr. Arnold Fleming)

Peri-implantitis may be more prevalent than previously thought. We will cover causative factors, treatment and prevention of peri-implantitis.

Long-Term Periodontal Treatment (Dr. Jeff Nicolucci)

This lecture will cover outcomes of long-term periodontal treatment compared to other options and what the keys to long-term success are.

Ergonomic Considerations for Dental Environments (Joshua Bancic)

The talk will cover best practices when working in a dental environment. It will discuss how to minimize postural risks when working on patients, as well as maximizing neutral postures. The configuration of the workstation will also be addressed, both for patient care and when interacting with technology.
